

Installation Guide – iPay88 payment module for Virtuemart 2.x

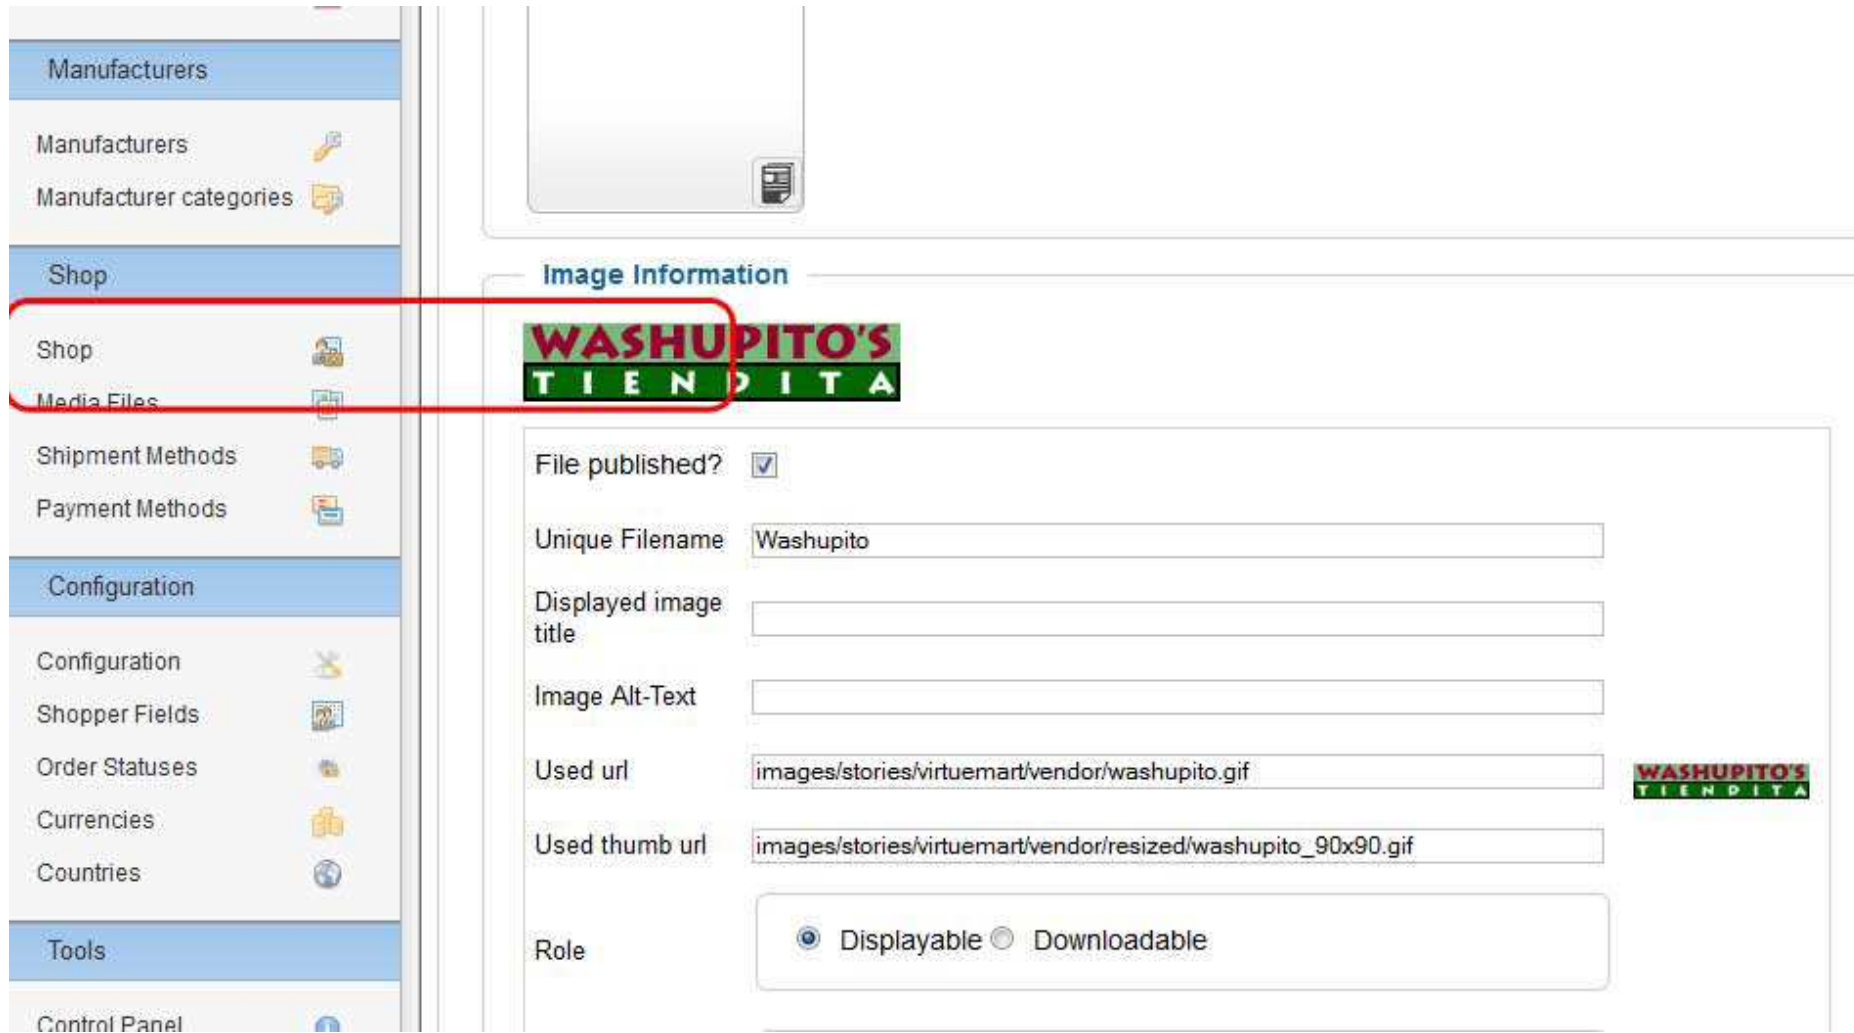

Important: This payment module is for VirtueMart 2.x which install on **Joomla 2.5** only.

iPay88 is not responsible for any problems that might arise from the use of this module.
Use at your own risk.

STEP 1 Go to Component >> VirtueMart

STEP 2 Go to Shop and under **Vendor** tab, make sure “Malaysian Ringgit” is configured.

The screenshot shows the VirtueMart administration interface. On the left is a sidebar menu with categories: Manufacturers, Shop, Configuration, and Tools. The 'Shop' category is selected, and within it, the 'Media Files' sub-item is highlighted with a red box. The main content area is titled 'Image Information' and displays configuration details for a vendor named 'WASHUPITO'S TIENDITA'. The vendor's logo is shown at the top of the main area. The configuration fields include:

- File published?** ☒
- Unique Filename**
- Displayed image title**
- Image Alt-Text**
- Used url**
- Used thumb url**
- Role** ☒ Displayable ☐ Downloadable

A small version of the vendor logo is also visible on the right side of the configuration area.

Joomla! 2.5.4

STEP 5 Once payment module success install, it will show the “Installing plugin was successful” message.

The screenshot displays the Joomla! Administration interface. At the top, the 'Administration' header is visible on the left, and the Joomla! logo is on the right. Below the header is a navigation bar with tabs for Site, Users, Menus, Content, Components, Extensions, and Help. To the right of these tabs, it shows '0 Visitors', '1 Admin', '0' (likely articles), and links for 'View Site' and 'Log out'.

The main content area is titled 'Extension Manager: Install' with a lightning bolt icon. To the right of this title are 'Options' and 'Help' links. Below the title is a sub-navigation bar with tabs: Install (selected), Update, Manage, Discover, Database, and Warnings.

A blue information banner across the middle of the page states: 'Installing plugin was successful.' Below this banner, the 'Virtuemart IPAY88 Payment Plugin:' is listed, with 'IPAY88' as a sub-item. This section is highlighted with a red rounded rectangle.

Below the plugin list, there are two sections: 'Upload Package File' and 'Install from Directory'. The 'Upload Package File' section includes a text input for 'Package File', a 'Browse...' button, and an 'Upload & Install' button. The 'Install from Directory' section includes a text input for 'Install Directory' (containing 'C:\xampp\htdocs\sum\tem') and an 'Install' button.

STEP 6 Go to Plug-in Manager

The screenshot shows the Joomla! Administration interface. At the top, the 'Administration' header is on the left, and the Joomla! logo is on the right. Below the header is a navigation bar with tabs: Site, Users, Menus, Content, Components, Extensions, and Help. The 'Extensions' tab is active, and a dropdown menu is open, showing options: Extension Manager, Module Manager, Plug-in Manager (highlighted with a red rectangle), Template Manager, and Language Manager. To the right of the navigation bar, there are statistics: 0 Visitors, 1 Admin, 0 articles, and buttons for View Site and Log out. Below the navigation bar, the 'Extension Manager: Install' section is visible, with a red rectangle highlighting the 'Plug-in Manager' option in the dropdown. Below this, there are buttons for Install, Update, Manage, Discover, and Delete. A blue message bar at the bottom of the navigation area states 'Installing plugin was successful.' The main content area shows the 'Virtuemart IPAY88 Payment Plugin:' section. It includes a sub-section 'IPAY88' and two installation methods: 'Upload Package File' and 'Install from Directory'. The 'Upload Package File' section has a text input for 'Package File', a 'Browse...' button, and an 'Upload & Install' button. The 'Install from Directory' section has a text input for the URL and an 'Install' button. The URL in the input field is 'http://vm.local/administrator/index.php?option=com_plugins'.

STEP 9 Go to Payment Methods under Shop menu and click **New** button.
Under the “Payment Method Information” tab, key in the info according to setting below and click **Save** button.

The screenshot shows the Joomla! Administration interface. At the top, the 'Administration' header is visible. Below it, a navigation bar contains links for Site, Users, Menus, Content, Components, Extensions, and Help. On the right side of this bar, statistics show 0 Visitors, 1 Admin, and 0 items, along with links for View Site and Log out.

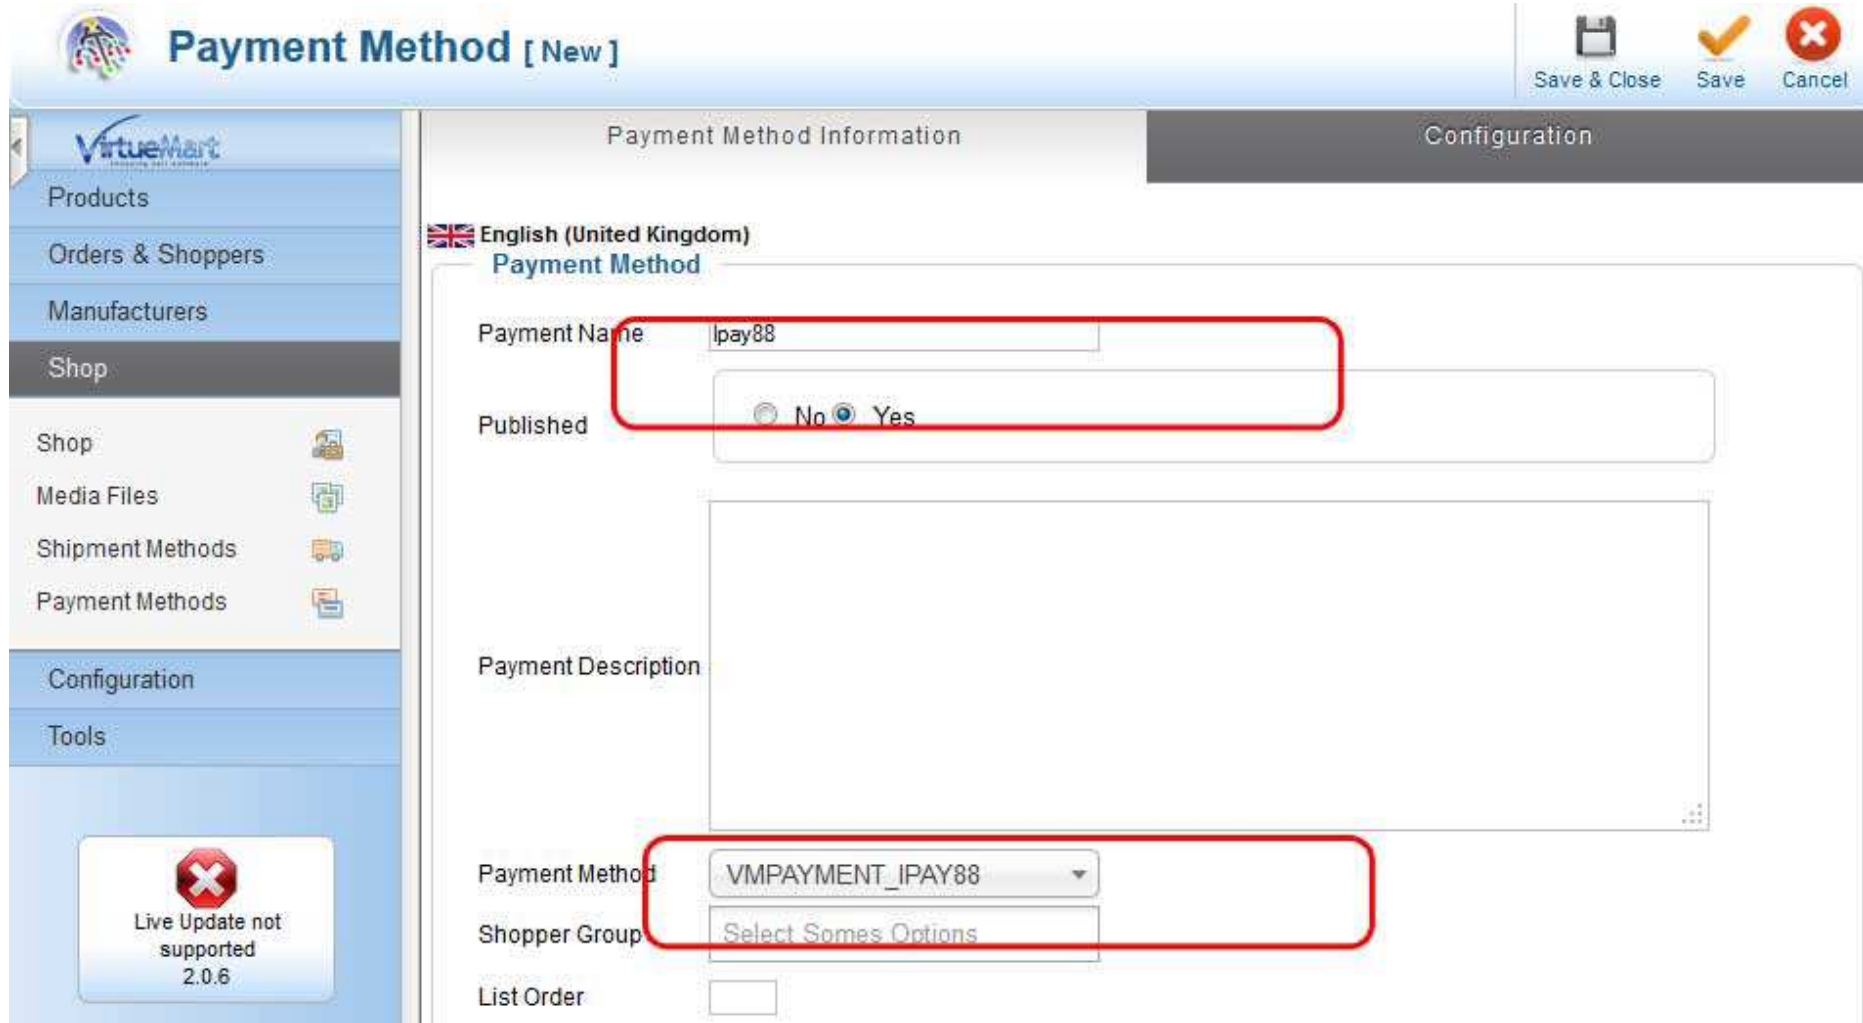

The main content area is titled 'Payment Method [New]', which is highlighted with a red rectangle. To the right of this title are three buttons: 'Save & Close', 'Save', and 'Cancel'. Below the title bar, there are two tabs: 'Payment Method Information' (active) and 'Configuration'.

On the left side, a sidebar menu for 'VirtueMart' is visible, with 'Shop' selected. Under 'Shop', there are links for Products, Orders & Shoppers, Manufacturers, Shop, Media Files, Shipment Methods, and Payment Methods.

The 'Payment Method Information' tab contains the following form fields:

- English (United Kingdom)** (language selector)
- Payment Method** (title)
- Payment Name** (text input field)
- Published** (radio buttons for No and Yes, with 'No' selected)
- Payment Description** (large text area)

Key in the name for the payment name, under Published select Yes and under Payment Method select “VMPAYMENT_IPAY88”
